	Financial and Activity Report (sheet 2 of 2)							
No.	Major Completed Actions (Short bulleted list of the major actions taken to date.)	Major Planned Actions (Short bulleted list of the major planned actions)						
		• NASA intends to continue soliciting for Science, Exploration, and Aeronautics contracts and cooperative agreement proposals in accordance with applicable Program Plans, and then start work on projects in accordance with Recovery Act provisions.						
	NASA Office of Inspector General Audits: NASA continues to close out requests for clarifying data that support the OIG effort on summarizing the results of the site visits, and audits conducted on the contract/cooperative agreement awards, in October through December. NASA is completing the technical review and Agency comments on a draft report that was provided on open audit recommendations that have the potential to affect Recovery Act implementation activities.	NASA Office of Inspector General Audits: NASA is in discussion with the OIG on what up and coming audits may occur.						
3	• Exploration: At the Wallops Flight Facility, all production piles for the Horizontal Integration Facility have been completed with the exception of the propane tank slab and 98% of the slab area is completed; at Kennedy Space Center (KSC), electrical work to replace the new actuator switches at the KSC Launch Complex 40 has been completed; at Stennis Space Center (SSC), the RP-1 Facility subsystem checkouts at SSC's E100 test stand to support the AJ 26 testing are in process.							
4	1	• Science: Several Earth Science procurements are planned for May, including various research investments in Scientific Computing, the Landsat Data Continuity Mission (LDCM), Ice, Cloud, and land Elevation Satellite II (ICESAT 2), Applied Science and Airborne Science.						
Į.	5	Aeronautics: Several procurements are still on schedule for award in May, including additional NASA Research Announcement (NRA) proposals for Fundamental Aeronautics, Aviation Safety, and Airspace Systems.
